

**BANK STABILIZATION PROJECT BENEFIT SUMMARY**  
NORTH DAKOTA STATE WATER COMMISSION  
PLANNING AND EDUCATION DIVISION  
SFN 60548 (1/2016)

The following information will be used as part of the agency's project planning, budget development, and project prioritization processes. Project sponsors requesting SWC cost-share that have a project with a total cost of \$500,000 or more are required to provide supplemental information related to project benefits per NDCC 61-02-01.3. If the proposed project has undergone a detailed benefit-cost analysis, that information may be referenced or provided in lieu of the following.

Project Name:
Project Sponsor(s):
Describe existing and anticipated future conditions without the proposed project.
If applicable, provide a brief description of costs and impacts related to recent erosion events that occurred at current levels of protection.
Describe how the project will reduce future costs and mitigate future impacts.

Briefly outline key infrastructure that will be protected by the proposed project, including major utilities or transportation elements, businesses, and residences.

Estimate the total number of people expected to benefit from the proposed project and how they will benefit.

Provide any additional project-related benefits that you would like considered.
